

HANDOFF DOCUMENT PROMPT:

"Create a comprehensive story-to-cinematography transition document that captures all essential elements from the story analysis phase to inform visual execution. Include:

1. CORE NARRATIVE ELEMENTS

- Plot progression and key turning points
- Character arcs and relationships
- Thematic development
- Tonal shifts and emotional beats

2. VISUAL OPPORTUNITIES & REQUIREMENTS

- Key moments requiring specific visual treatment
- Emotional transitions needing visual support
- Thematic elements to be expressed visually
- World-building requirements

3. TECHNICAL CONSIDERATIONS

- Scale and scope of sequences
- Special equipment needs
- VFX integration points
- Practical effects requirements

4. REFERENCE MAPPING

- Key visual references from lookbook
- Similar scenes from referenced films
- Specific technique applications
- Style transitions

This document should serve as a bridge between story understanding and visual execution, ensuring no critical elements are lost in translation."
